

Angusta received her first bale of the new cotton crop on the 8th inst.

Mr. Wm. H. Hayne, the Georgia poet, is having a volume of his poems published. It will be out in December.

A Brooklyn church has appointed a number of young ladies ushers, and there is a marked increase in the attendance of young men.

Ex-Judge Thomas Jefferson Mackey has turned up in New York, and his tongue seems to be as long as ever.

German geographers predict a dry fall and a cold winter, but they don't know any more about it than the African geographers.

The riotous conduct of a lot of Sumter people in pelting a State constable with over-ripe eggs last week had the effect of strengthening the Dispensary law.

Wheat was sold last week in Chicago for 53 1/2 cents per bushel. No living being has ever known it to sell so low before.

Tom Watson, the Third partyite of Georgia, is invited to speak at Slighs in Newberry county on the 25th inst. This is a false step; the Democrats shouldn't have anything to do with Tom Watson.

According to the Piedmont Headlight the State is now reaping over \$1,500 a day, net profit, from the dispensaries already established. But the Headlight is badly mistaken.

Lepers are becoming so numerous in Louisiana that the people of that State want the federal government to set apart an island for them and undertake their care. Unless this is done, the terrible scourge will spread to other States.

The abolition of the bar-rooms in Greenville city has accomplished a wonderful reformation. The mayor's court has had only one case of drunkenness since June 30th as against from two to twenty every day previous to that time. This is reform, sure enough reform.

The Legislature of Alabama has presented to the vote of the people a constitutional amendment providing that the school taxes of the white people shall be devoted to the education of the white children, and that the schools for the blacks shall receive for their support only the taxes paid by the colored people. It is estimated that now fully 84 per cent of the money spent on the colored schools comes out of the white people's pockets.

Under the new deal in the Senate, Senators Butler and Irby have \$3,000 worth of patronage under disposal and Senator Butler has appointed W. B. Perry, a son of Ben Perry, a page in the Senate. H. H. Scott, of Edgefield, a messenger, and J. W. Baker, of Abbeville, assistant librarian. Senator Irby has named J. Y. Jones of Abbeville, messenger, Clyde Fuller, of Laurens, helper in folding room, and Henry Stone, colored, laborer.

In a recent address the mayor of Chicago said: "There are 200,000 people in Chicago to-day unemployed and almost destitute of money. If Congress does not give us money we will have riots that will shake the country." Riots and strikes among the working men have long been a feature in the social status of the North and West, and there is doubt that anything short of an equal distribution of the wealth of the country would satisfy the restless leaders of the working classes in those sections.

The Atlanta Constitution gives some good advice when it says: "Let our farmers sell their cotton as soon as it is ready to market. All cotton gathered before frost will lose twenty pounds to the bale after it is ginned and packed if held for any length of time. The farmer loses this when he holds his green cotton. Sell your cotton and get your money for it, pay your debts, if you owe any, and stop interest. If you store your cotton and pay interest on your debts and insurance and then lose twenty pounds to the bale, and finally have to sell it at a lesser price in April than you can get in April or September, you are bound to lose a great deal. If you want to hold anything hold your cotton seed, they always sell for more in the spring than in the fall, but be certain to have them housed and well cared for.

A meteor the size of a barrel fell in the suburbs of Savannah on Thursday. The shock was felt throughout the city, and great excitement prevailed in the section where the meteor fell.

Florida is having a yellow fever scare. A few cases at Pensacola have caused a general stampede from that city. Augusta and Savannah have established quarantine and thoroughly inspect all incoming trains.

At a meeting of the trustees of the Winthrop Normal and Industrial School last week the exact site for the buildings was selected. Messrs. Bruce and Morgan, of Atlanta, whose bid was accepted, were elected architects. The designs for the several buildings are very beautiful. The dimensions of the main building are 200x170 feet, and it will be three stories in height besides the tower and basement. When this magnificent structure is completed South Carolina will have twin institutions of learning of which she will be proud, one for her sons and one for her daughters.

Two women in Yates county, New York, have petitioned Governor Flower for permission to wear trousers to facilitate their farm work, and the code of New York has been ransacked to find the law on the subject. Some Commonwealths deny absolutely this much-to-be-desired privilege to the sex. Missouri compromises. In that State a written permission from the Governor entitles a woman to wear with impunity a man's dress outside of cities of 10,000 inhabitants or over.

In South Carolina there ain't enough trousers for the men now; there ain't more than one pair apiece.

Congress, by an agreement between the silver and anti silver men, will give eleven days to speeches on the free coinage business, about ninety speeches in all. Afterwards three days will be allowed for five minute speeches, and then the old cat will die. But whose old cat it will be we don't know. We hope and trust and pray that it will be the News and Courier's old gold cat, gold outside with brass in'ards.

President Cleveland has returned to Gray Gables, his summer home, and will remain there with his family until September 1st. He says this extension of his vacation is absolutely necessary to his health. Congress is to settle the money question during his absence.

Senator Butler introduced a bill in the United States Senate on Monday to repeal the 10 per cent. tax on State banks. This is one of the planks in the Democratic platform and we hope it will pass, but things are getting badly mixed and we do not pretend to prophesy.

Up to this time the Senator has done some good work for himself, politically speaking. The old soldier racket is good politics. The segregation and coralling of Shell, Farley, and Perry is the Napoleonic maxim, "divide and conquer." The determination to put up no State ticket as against the Reformers is fine strategy, the tendency being to alienate Tillman's allies and get them to fighting among themselves. But to fight Tillman on a battle-field of his own choosing (the dispensary law) is to throw away these advantages and to deliberately walk into a cul-de-sac, and Butler, wary and wily, isn't going to do any such a thing.

CATASTROPHE AT CLEMSON

Sudden Collapse of the Barracks Bridge.

COLUMBIA STATE. PENNINGTON, Aug. 11.—A terrible catastrophe occurred at Clemson College this evening about 6 o'clock. While some fifty or more of the students were on the barracks bridge, running in and out of a shower of rain, the bridge suddenly collapsed, precipitating the entire body of boys to the ground.

LIST OF INJURED. The following were more or less seriously injured: W. S. Y., internally. W. C. McDowell, wrist out of place, bruised head and body. W. J. Strawser, chin cut and teeth shattered.

T. C. Mahaffee, thigh broken. J. W. Lancaster, ankle fractured and dislocated and head wound. C. R. Cagel, shocked. M. A. Holstein, internally injured. C. E. Coodstine, thigh fractured. W. H. White, internally injured. S. C. Carter, knee and back injured. E. F. Peagues, waist dislocated.

NOT SERIOUSLY HURT. Those painfully though not seriously hurt are: J. C. Bradley, J. C. Jowers, W. S. Reynolds, J. C. Backin, P. J. Pearson, A. P. Caldwell, A. G. Whitman, F. C. Koon, F. W. Lawson, J. E. Boykin, W. P. Wright, O. Chapman, J. F. Barnes, C. R. Earle, J. A. Dantzer, R. J. Woodside, K. W. Smiley, F. F. Bryant, W. H. Russell, J. W. Pitts, J. A. McDavid, W. H. Long, W. H. Cowers, J. D. Johnson, C. W. Danly, M. A. Wice, J. J. Lowrey, W. E. Henderson, T. C. Todd, H. L. Todd, F. F. Dantzer, J. F. Dukes, L. C. Dunn, J. K. Ulmer, L. L. Hardin, J. C. Manor, M. E. Jennings.

CARING FOR THE SUFFERERS. Everything possible is being done to relieve the suffering of the injured. All the doctors in the surrounding country are at the scene, giving every possible attention. There is much excitement and uneasiness, and exaggerated reports are being circulated. Students are writing to their parents—those that are uninjured that they are unhurt, and the college is sending telegrams to the parents of those who are injured. All possible haste is being made to give those who have sons at the college the extent of their boys' injuries.

THE KEELEY INSTITUTE.

Twelve Years of Established Merit—A Warning.

TO THE PUBLIC: As a matter of justice to ourselves and to the reputation of Dr. Leslie E. Keeley's Double Chloride of Gold Remedies, for the cure of the liquor, opium, morphine, and tobacco diseases, and Neurasthenia, we warn the public that these remedies are used by no institution or sanitarium in the United States except those established by our company, under the uniform name of "The Keeley Institute."

All others claiming to use Dr. Keeley's Remedies or formulate are frauds and impostors. The Keeley Institutes established in various parts of the United States now number ninety, with three in Europe, where the Keeley Treatment is administered and the Keeley Remedies sold. We, however, caution all to examine well and know that they are dealing with genuine representatives, authorized by us, before taking treatment or purchasing remedies. The misleading establishments use the name of "Bi-Chloride of Gold," or similar titles. The newspapers often fail to discriminate sufficiently to know that they are imitators. This is a matter of public welfare, and hence this warning. Respectfully,

THE LESLIE E. KEELEY CO., CURTIS J. JUDD, Sec. and Treas. Dwight, Ill., Dec. 15, 1892.

For literature or further information regarding the Keeley Treatment, address THE KEELEY INSTITUTE OF S. C., AT COLUMBIA.

THE KEELEY INSTITUTE. Endorsed by The S Government.

The efficacy of Dr. Leslie E. Keeley's Double Chloride of Gold Remedies has been so publicly acknowledged and thoroughly recognized throughout the civilized world, that the recent endorsement by the Government removes all questions of doubt as to their virtue and genuineness. On February 13, 1892, General W. M. B. Franklin, President of the Board of Managers of the National Military Homes for Disabled Soldiers and Sailors, authorized a contract with The Leslie E. Keeley Co. for the use of Dr. Keeley's Remedies in the seven National and twenty-one State Homes in the United States.

General Franklin, in a letter regarding this contract and Dr. Keeley's Remedies, speaks emphatically of "the great good the future has in store for the unfortunate victims of Alcoholism," giving personal thanks to Dr. Keeley for enabling the Board of Managers to treat veterans under their charge.
